Every child whose life we change will go on to change the lives of countless other children, families and communities. And when we work together — pooling our resources, time and energy — our community impact grows exponentially to create an equitable future for all.

**Let’s do MORE, together.**

United, in the past year we’ve helped more than...

- **6,600** children have access to quality early learning.
- **3,800** individuals attain health care to improve their quality of life.
- **14,000** people remain in stable housing across the region.
- **53,000** youth receive academic support and leadership development opportunities.

Unite for MORE to improve the lives of more than **250,000** children by 2027.

**What Your Money Can Do**

When you contribute to the Child Well-Being Mission Fund, your dollars make a difference for those in need.

- **$5 per week** provides a two-week summer enrichment program for a four-year-old.
- **$10 per week** provides one-on-one financial coaching for five families that helps them begin to repair their credit rating.
- **$15 per week** provides a full scholarship for one child with special needs to attend high quality child care for a month.
- **$20 per week** provides a laptop, tablet and internet access for a parent enrolled in college with two elementary school age children.

Open your phone’s camera and scan QR code.
